PCSI WORKFORCE NEWS & COMMUNITY RESOURCES

Customer Success Story

Felix H. had not worked in more than 15 years and faced literacy challenges that made returning to the workforce difficult. With support from PCSI, he developed a gradual employment roadmap and began through the Urban League Senior Program, where he received training, earned a stipend, and built confidence and workplace skills.

Felix later progressed from working 10 hours per week to 20 hours per week before securing a full-time position with the same employer. Today, he works full time as a manager and continues making progress toward the personal and professional goals he set for himself.
